

## **University of Cambridge – Transport Policy**

This policy is designed to ensure that all Sports Clubs at the University of Cambridge have clearly defined standards of behaviour that are fully embraced and understood by all members when using transport arranged by the Sports Service, whether this is coach hire or self-drive.

The Sports Service will investigate any alleged breach of the standards and may take disciplinary action against an individual or group in any case found to be proven. The policy sets out the expected levels of behaviour from club members.

This policy will apply in addition to the standard disciplinary policies determined by the University of Cambridge and constituent colleges:
